KUNAL RAJ (SLAS1415541)

3rd Year

**ELECTRONICS AND COMPUTER
ENGINEERING**

**S.R. M INSTITUTE OF SCIENCE
AND TECHNOLOGY (1-
3665709551)**

Date : 30-09-2023

Type : Assessment by Institute

Overall Rating

Excellent

Very Good

Good

Analog And Digital Communication

- You are a bright, able and an adept engineer.
- Keep going. Everything you need will come to you at the perfect time.

Chemistry

- Your sound, knowledgeable skills and out-of-box thinking can be precious for your circle.
- Profound professional knowledge and always aims to learn and acquire more skills.

Computer Networks

- You can be among the engineers who can do all the tasks effortlessly.
- You can be an eager engineer who is willing to take on any new challenge.

Control Systems

- An innovative and quick-witted engineer.
- You can be very skilled and dedicated engineer.

Digital Signal Processing

- You are a bright, able and an adept engineer.
- You are well talented in your core skills

Maths

- You can be a highly proficient and a worthy engineer.
- You can be a skilled and highly intelligent engineer.

Microcontrollers

- Feasible and valuable engineer.
- You can be an outstanding engineer.

Network Theory

- Your Core skills are extra ordinary
- You can be a skilled and highly intelligent engineer.

Power Electronics

- You can be a capable and skilled engineer.
- You have many skills as a professional should have.

Signal and Systems

- Good technical and leadership skills.
- You can be a capable and skilled engineer.

3D Printing and Design

- You can be a skilled and highly intelligent engineer.
- You can be a highly proficient and a worthy engineer.

Artificial Intelligence/ Machine Learning

- You acquire the peak of understanding the utmost complex design and implementation issues at every s
- Your technical and leadership skills are matchable with excellent people

Augmented Reality (AR)/ Virtual Reality (VR)

- You have good understanding of engineering and business pocessess.
- Feasible and valuable engineer.

Blockchain

- You are desperate to learn and experience with hand- on - hand at latest technologies.
- You could become industrial experts who can explain the complex concepts in a very practical and sim

Cyber Security

- You can be a highly proficient and a worthy engineer.
- You are a very adaptive and talented engineer.

Data Science

- You have many skills as a professional should have.
- You can be an application engineer.

Internet of Things (IoT)

- Strong technical skills to create a powerful package.
- You are a very adaptive and talented engineer.

Robotics

- You can be a capable and skilled engineer.
- You can be One of the best engineers in our industry.

General Knowledge Aptitude

- You can be an insightful and thorough researcher and engineer.
- You can be an exceptional and a great engineer.

Integrity Aptitude

- You responded carefully to what has been read or discussed .
- You created impressive home projects.

Mental Aptitude

- You have Self-reliance, and a self-thinker personality.
- You are strong, bold and a decision maker.

Physical Aptitude

- Your personality is consistent, dependable and accurate in carrying out responsibilities to a success
- You have good managerial skill that helps you adequately resolve conflicts between individual needs

Social Aptitude

- You have a great understanding of others opinions.
- You effectively resolve complex problems.

Spiritual Aptitude

- Your transparency makes people know what you are doing and makes you a professional ethical engineer
- You Endure hardships and build sustainable engineering solutions for a better future.
